Writing:

Eldery people who live alone be taken care of

I think all people need <sup>to be cared</sup> to care, but elderly people must be cared of somebody or something. <sup>Why</sup> It's easy to do it: phone to men or meet him. And it's a fantastic idea, I'm sure, about new technology, that something care about your health. <sup>54</sup> "From breathing and coughing

to sleeping", with this programme we can save many life. <sup>Yes</sup>

Today, we have many problems: pollution, poor, tsunami, etc

And solve one problem - disease, it's step to solve all problems.

At the end, I want to tell what elderly people grow up us

and we should respect them, we should help them, ourselves or

with technology. <sup>59</sup>
