I was really surprised when I read the e-mail. I remember that it was on Sunday. I was doing my homework, when suddenly I heard a sound from my laptop and it was an e-mail from dumplin company. Actually two days before I've called them and asked for a job as a manager. So after this e-mail I was surprised and delightful. My mother said that she and my other relatives were really proud of me. It was the best day of my life!!! After a week I had the first working day as a manager of dumplin company. I can't say that it was a great experience, because I had plenty of hardships with doing paper work. And surprisingly there weren't lunch breaks at all! Some people were toxic, especially my boss. Oh! he is disgusting. After a month working there I had to get my first salary, but do you know what?! My boss and colleagues forgot about me! And I got my salary only after

two weeks later. It was too small, only 1000 \$. I told about that my family and they were dissupointed^{sp} too. "What a shame!" - said my poor mother. If I had read the information about conditions there I wouldn't have been so upset and dissupointed^{sp}. So you should also properly read the information about the company and conditions. Be patient!
