I was really surprised when I read the email. It was from ^{the} banks. They were asking if somebody who took 5000 rubles from my card was ~~me~~. I got scared for my money because ~~it~~ wasn't me, so I wrote them and asked what I can do. They said that I can give my card number and ~~the~~ password to cancel the operation.

When I was in the middle of writing them, mom suddenly entered the room and asked what I was doing. I explained her everything and she said that I shouldn't give them anything because they are not from ^{the} bank. I got angry but also I was glad that my money are safe.

There are many people like these so you mustn't say your card password to anybody. This is my story.
